

Shopify 테마 되돌리기

Edit code -> liquid 파일의 이전 버전 클릭

The screenshot shows a code editor interface for a Shopify theme. At the top, there's a tab labeled 'blog.liquid' with a close button (X). Below the tab, the file name 'blog.liquid' is displayed next to a button labeled '이전 버전' (Previous version). The main area shows the beginning of a Liquid template with the following code:

```
1 {% paginate blog.articles by 5 %}  
2  
3 {% include 'breadcrumb' %}  
4  
5 <div class="grid grid-border">  
6  
7   <div class="grid-item large--four-fifths">
```
