# jQuery if문 추가

2개 이상 뜨는 에러>>

에러>>

```
setPowerOptions: function() {
    var availableOptions = [];
    $('.quickview-container .product-shop .swatch-option-1 .swatch-element').each(function(){
        if ($(this).hasClass("available")) {
            var value = $(this).find("input.text").data("v");
            var option = $(this).data("value");
            availableOptions.push({ option: option, value: value});
        }
    });

    var optionSelectBox = document.createElement('select');
    optionSelectBox.setAttribute("class", "single-option-selector power-option");
    optionSelectBox.setAttribute("data-option", "option2");

    const optionSelectId = $('.selector-wrapper:nth-child(2) .single-option-selector').attr("id");
    optionSelectBox.setAttribute("id",optionSelectId);

    availableOptions.forEach(option =>
        optionSelectBox.options.add(
            new Option(option.option, option.value, option.selected)
        )
    );

    $(optionSelectBox).appendTo($('.quickview-container .product-shop .swatch-option-1'));
```

해결책>>

```
