세일 가격 표시

1. Quick view

"prices"에 if문으로 "price on-sale" 추가

2. Grid view

$699	$~~699~~ $629

```
ate.liquid ×    product-grid-item.liquid ×    product.quickview.liquid ×
<div class="price-box">
  {% if on_sale %}
  <p class="sale">
    <span class="old-price">
      {{ product.compare_at_price_min | money }}
    </span>
    <span class="special-price">
      <span class="money" data-product-id="{{ product.id }}">{{ product.price_min | money }}</span>
    </span>
  </p>
  {% else %}
```

"price-box"의 if문으로 "sale" or "regular-product" 선택

```
▼<div class="price-box">
  ▼<div class="regular-product">
    ▼<span data-currency-twd="
              <span class="money" data-product-id="6602283810901">$699</span>
            ">
        <span class="money" data-product-id="6602283810901" data-currency-twd="$699">$699</span>
